BEST PRACTICES OF SCHOOL 2016-2017

We conduct life skill activities like cooking, making useful products out of waste materials. We do many philanthropic activities to nurture our children with values. We collected a fund from students and helped kidney failed patients , we visited blind school and old age homes and handed over a fund. We also collected rice and distributed at tribal colonies at wayanad. We visit pain and palliative centres. we can convince them the real life is not a bed of roses as their parents treated them to be. We conduct awareness class for students as well as parents,to inculcate values we organise film shows and seminars. To develop respect to environment and ecosystem we organise study tours to hill stations and other places.we celebrate all the festivals and organise different kinds of programmes.
